AMERICAN CONSULATE GENERAL,
Frankfort on the Main, Germany, November 30, 1951.

To Whom It May Concern:

This is to certify that from preliminary examination it would appear that Gerald Anthony and Lynn William Roehm (Wolfgang and Klaus Dieter Manas), both born May 10, 1951, in Marburg on the Lahn, Germany, qualify under the provisions of the immigration laws of the United States for immigration to the United States.

It should be distinctly understood that Gerald and Lynn are not eligible to receive consideration for special nonquota immigration visas to the United States under section 2 (f) of the Displaced Persons Act of 1948, as amended, inasmuch as one of the provisions of that act stipulates that the orphan children must have been residents of one of several countries, including Germany, prior to June 30, 1950, and Gerald and Lynn were not born until May 10, 1951. Therefore they are, unfortunately, not entitled to any preference or priority under current immigration laws and regulations. Should they be registered as intending immigrants on the quota waiting list, they would encounter an indefinite waiting period before their turn might be reached on the quota waiting list, due to the presently over-subscribed condition of the German quota.

JAMES P. PARKER,
American Vice Consul.

The committee, after consideration of all the facts in the case, is of the opinion that the bill (H. R. 6978) should be enacted.
